Subject: Implementation of Co-Education system for the children of Grade I to V w.e.f Academic Year 2022-23

Dear Parents,

With a view to inculcating the understanding for Gender Equality, development of mutual respect and competitive environment and to ensure a better and healthier learning atmosphere at an early age, IIS Jeddah has planned to implement Co-Education system for the Primary Section in initial state.

We strongly hope that this paradigm shift will certainly bring about positive integration of gender and will promote mutual respect and understanding between male and female children. This systemic change in academic set-up of the school will also facilitate collaboration in the classroom which may enable boys and girls to gain a fresh perspective from each other intellectually, develop socially and become more confident in expressing their views in the presence of members of the opposite gender.

The school also believes that students in co-educational school system are often better prepared to succeed in post-secondary education and to enter the workforce that will fosters a positive self-image and help to develop the confidence of our future leaders.

Let us keep and work together to ensure all round and holistic progress and success of our kids.
