Dear Students,

The decision of selecting a stream after 10th is an important task. It is important because the stream that is selected by a student, to an extent, will influence the professional course that he/she will pursue after completing 11th and 12th standards. There is no denying the fact that the stream that a student chooses after 10th standard is capable of influencing his/her career. Much thinking and brainstorming must be made before one decides to select a particular stream after 10th.

Students are required to be realistic while making a choice regarding streams after 10th. Choosing a stream according to one's aptitude is necessary.
