Circular

IIS/JED/PRL/2022-23/43

Date: November 8, 2022

Subject: Regarding Mobile Phones

Dear Parents,

With increasing incidents of students using mobile phones, it is in the interest of the children here at International Indian School, Jeddah to revamp the policy of using mobile phones.

The mobile phones in question have turned into the breeding ground for cyber bullying and inappropriate use of social media. Its unmonitored use by the children has distracted them from studies. The use of mobile phones at this young age may result in addictions to gaming sites, betting sites, unhealthy content, addiction to social media site, unwanted friendship, physiological disorders in addition to inevitable health issues related with vision, growth etc. Children may fall prey to cybercrimes.

In order to ensure all safety measures and prevent the children from this menace, the School Administration has decided not to allow any student with mobile phones in school premises. There is always apprehension of misplacing the mobile phones, even theft cases have arisen within the institution, which has created an embarrassing situation in the school campus.

Parents community are hereby requested not to allow their wards along with mobile phones to school premises as day by day lot of complaints are sneaking in due to misuse of mobile phones by the students or even fake WhatsApp groups, Instagram have been created by the students, which are reflecting lot of objectionable and unwanted comments against the staff and students as well.

With the issue of this circular, there is going to be zero tolerance in and outside school premises for such undesirable activities by the students. If any student is reported/found misusing mobile phones, using any unbecoming social media accounts, participating in any undesirable social media group etc. shall be treated as gross indiscipline and action as warranted under law shall be initiated and invariably reported to cyber Regulatory Authority.

All the faculty members are hereby requested to educate the children and accordingly inform the parents for its effective implementation in order to ensure the safety and security of the children.

(Dr. Muzaffar Hassan)
Principal
