About the School

International Indian School Jeddah, formerly known as the Embassy of India School, was founded in 1969. It made a very humble beginning with a limited number of students, staff and infrastructural facilities in a makeshift area. The objective of establishing the school was to impart quality education to the children of Indian nationals residing in Jeddah. With the blessings of the Almighty and constant efforts put in by well-wishers, the school expanded in a phenomenal manner. Currently the school has separate Boys, Girls and KG Sections catering to the educational needs of about 10,500 students.

Curriculum

The school follows the CBSE curriculum. It is affiliated to the Central Board of Secondary Education, New Delhi and prepares the students for All India Secondary School Examination (Std. X) and All India Senior School Certificate Examination (Std. XII). The medium of instruction is English.

I. Kindergarten Classes

The children are taught spoken English, Numerals, Hindi and Arabic. Talents in the field of Art, Craft, Singing and Dramatics are developed. To improve the psychomotor domain, children are exposed to various activities such as plasticine moulding, paper folding, fitting blocks to insets etc. The foundation for good handwriting is laid here. The child is exposed to the experience of interacting in a peer group.

II. Primary and Secondary Level

These sections help the children in the all round development of their personality. Equal stress is laid on academics and values. In the classroom, the child is encouraged to comprehend and apply rather than memorize, to enjoy learning, develop regular study habits, think independently with logic and reason. The subjects taught are English, Hindi, Mathematics, EVS, Science, Social Science, Third Languages (Urdu, Arabic, Malayalam, Tamil, Telugu and Kannada), Computer Science, IT, Coding & AI, Art and Craft, Physical Education, Saudi Arabian Culture, Islamic Studies, General Arabic, Moral Science, General knowledge, Life Skills etc.

Learn from yesterday. Live for today. Hope for tomorrow.

Students are divided into four different houses (Red, Green, Blue & Yellow). This system inculcates in the students the spirit of friendly competition, the urge to excel in sportsmanship and leadership qualities.

The school offers ample opportunities for students to develop a sound body which is essential for a sound mind. Various Inter-house and Inter-school sports, Debates, Science Projects and Quiz competitions are conducted periodically.

Scouts & Guides Movement – Creating a Better World.

The purpose of the Movement is to contribute to the development of young people in achieving their full physical, intellectual, emotional, social and spiritual potential as individuals, as responsible citizens and as members of local, national and international communities. To impart life skills to the students the school has a full-fledged 'Bharat Scouts and Guides' unit operating under National Head Quarters-India.

"The difference between a stumbling block and a stepping stone is how high you raise your foot". - Benny Lewis, author

The movement now has the enrolment of students from grades I to X, who are guided by trained staff members who have completed training back in India. The units at various levels are as follows: -

Seminars, contact programmes and conventions are organised to appraise the students of the admission procedures in institutes of higher learning.

School Counselor:

School Counselors are available to assist students at all levels, from primary to Senior Secondary in both the Sections. They act as advocates for students' well-being, and as valuable resources for their educational advancement and listen to students' concerns about academic, emotional or social problems.

School Canteen:

Canteen provides hygienic, healthy & fresh food items to the students.

Security System & CCTV Surveillance:

The safety and security of our children is our priority in school. In order to provide a secure environment for our students, the school has taken the initiative to install CCTV cameras around the school campus to ensure safety at all times. We have well trained security guards who guard the school premises round the clock.

Removal from School Rolls and Re-admission

Fee Default

If the fee for a particular month remains unpaid by the end of the month, the student will be classified as a fee defaulter starting from the first day of the following month.

In the event that the school fee, including any applicable late fee, remains unpaid for a continuous period of 02 months, a re-admission fee of SR. 50.00 will be charged besides recovering other fees and the late fee arrears.

Absence

All students are expected to attend school regularly and must not be absent without prior approval. If a student intends to take leave, they must submit a leave application, which can be downloaded from the school website. However, submitting a leave application does not imply approval; the leave is considered granted only upon explicit approval from the school.

Cancellation of Transfer Certificate & Re-admission

If a student takes a Transfer Certificate but decides later to re-join in the same session, then he/ she may be allowed to re-join upon payment of SR 100/- as a cancellation charge for the Transfer Certificate.

In case a student takes the Transfer Certificate but wishes to rejoin the same class in the new session, then by virtue of the student still holding the same TC of IISJ, the case may be considered as TC cancellation and readmission and in that case 50% of the normal admission fee will be charged from the student.

In case a student takes TC and joins any other school and comes back with the TC of that School, then the case will be treated as new admission. This and all similar cases not falling in the category of cancellation of TC or readmission will be treated as new admissions. Normal fee for new admission will be charged in all such cases.

A Word to the Parents

Every parent is a 'teacher' to his/her child. International Indian School Jeddah solicits a closer sharing and rapport between teachers and parents for developing the mental and physical faculties of the child so as to help him/her play the rightful role in the society in later years. The faculties of orderliness, discipline, dedication and obedience take root at home and develop further at school. Temperament, disposition, attitude and behaviour have to be moulded by the parents as well as the teachers. To carry out the joint responsibility, the school requests the parents to:

1. Regularly monitor the academic progress of their child and communicate with the concerned teachers through this diary regarding problems if any. If needed, the concerned H.M., VP or the Principal may be contacted.
2. Acknowledge every communication sent by the School by way of notes/circulars.
3. Help the child correct his/her behaviour as and when required.
4. **Ensure that the child is regular and punctual to school.** Always send a leave letter if he/she is absent from school. This will help avoid truancy, as well as, removal of name from the school rolls in case of long absence.
5. **Please don't send your children to school if they are sick.** especially during Tests. Medical Report along with leave application can be submitted later to the Class Teacher.
6. Always pay the fees and other dues on time to avoid embarrassment to
7. Attend all the Parent-Teacher Meetings and get a feedback on the progress of your ward.
8. Ensure that the child is neatly dressed and has all the prescribed books as well as stationery requirements. Do not encourage the habit of borrowing. Teach him/her the value of honesty, integrity and politeness.

Don't wait for the perfect moment, take the moment and make it perfect

9. Ensure that your child wears the ID badge to school every day.
10. **Ensure that children suffering from communicable diseases like Mumps, Measles, Typhoid, Cholera, Conjunctivitis, Chicken pox, etc. do not attend class or the examination till the quarantine period is over. When they resume school a fitness certificate from the hospital should be sent along with the leave note.**
11. Parents are requested not to go to the class rooms for any reason. They should go only to the H.M. who will help them in the matter.
12. Monitor the use of gadgets by your wards. Use of internet and social networking sites and apps should be restricted and monitored.
13. Ensure proper and healthy food habits. Encourage your child to carry home-made food to school.
14. Encourage your ward to participate in the various activities organised by the school. Guide and support them to balance between the scholastic & Co-scholastic activities.
15. Suggestions from parents on improvement of school and welfare of the children are most welcome.
16. In order to ensure the safety and security of your wards, make one fixed transport arrangement for him/her to commute to and from school. Students who commute by school bus should use only the bus to commute to and from school.
17. Parents' contact number is a must and should be available throughout. Latest changes must be updated.

Success is not final; failure is not fatal: It is the courage to continue that counts -
